

For domestic and commercial use

**Filly**

Backwash Protective Filter

The JUDO filter FILLY is a backwash protective filter for drinking water systems. It protects water pipes, fittings and appliances around the clock.

The advantages

- ◆ No cartridges to change
- ◆ Stainless steel filter screen
- ◆ Continuous water supply even during cleaning
- ◆ Filter cleaning by backwashing
- ◆ Degree of contamination visible
- ◆ Made in Germany

The problem

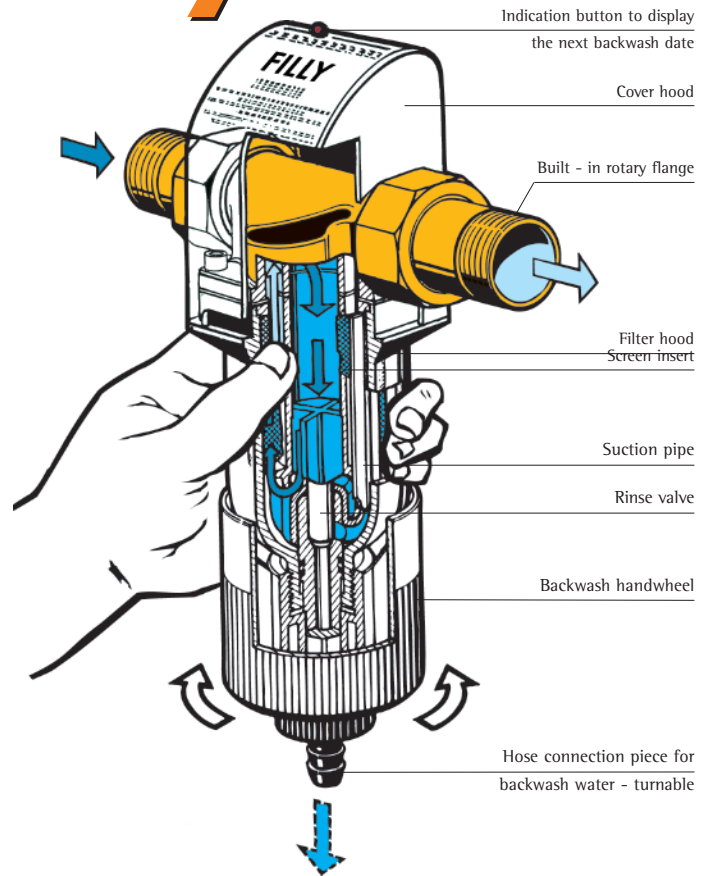

Sand, rust and dirt particles damage and clog sanitary installations such as water pipes, fittings, boilers, showers, etc. This leads to corrosion, pipe bursts and expensive repairs, ... The solution: FILLY from JUDO.

Universal use

Private households, catering outlets, apartments, flats, holiday homes, holiday flats, to protect technical systems and installations.

No house building without JUDO

For more than seventy years JUDO has been offering an all-around protection of the pipe installations, the best possible water quality, energy saving and safety to your entire house. Have checked your domestic installations and update them to an appropriate and economical state.

JUDO protection against dirt, bacteria, lime scale and corrosion

The correct way to install JUDO devices after the water meter:

FILLY water filter, BIOSTAT-COMBIMAT water conditioner, JU-WEL water balance unit and JULIA dosing system.

Mix match to your individual need.
